

Participant Companion

The Day Health Center Support Volunteer will provide positive, compassionate, and helpful support for our participants by assisting with activities in the PACE Southeast Michigan Day Health Centers. This volunteer will engage with participants during their recreational activities, serve breakfast and lunch, assist participants to clinic appointments, scan badges, take attendance, and other assistance as needed.

SPECIAL SKILLS & ABILITIES

- Comfortable engaging with the older adult population
- Maintain professional yet caring interactions with participants
- Use discretion, sound judgement, and maintain confidentiality
- Dependable, punctual, self-motivated, and compassionate
- Willingness to accept additional responsibility
- Ability to work sensitively and effectively with individuals of diverse ethnic and cultural backgrounds

REQUIREMENTS

- Recent tuberculosis test
- Reliable transportation
- Background Check

TIME COMMITMENT:

- Two – Four-hour shift per week
